Protecting Jobs Protecting Services

Caerphilly county borough council has agreed one of the lowest Council Tax increases in Wales (3.9%) as part of its recent budget announcement.

Faced with unprecedented financial pressures as a result of UK Government cuts, the council has approved a series of budget proposals which will see savings in excess of £14.2 million for

2014/15.

Cllr Keith Reynolds, Deputy Leader said, "Thanks to sound financial management our budget remains wholly deliverable and is minimising the impact on our residents. We are committed to protecting jobs and protecting key services for our communities."

Llancaiach Fawr under wraps

Work is underway on exciting new improvements at Llancaiach Fawr Manor. Scaffolding covers the much loved valleys landmark to completely encase it temporarily to enable the roof to be removed and the new one to be laid. The scheme is being funded by the Heritage Lottery Fund (£943,200) and Cadw (£30,000) to create the servants quarters in the attic spaces.

Fighting Floods

Britain was battered by rain last winter, but the council's pro-active management and positive investment in drainage and flood alleviation schemes has meant that, in comparison to other parts of the country, the impact felt by Caerphilly county borough residents has been minimal. To help ensure this continues, the council has set up a regular cleansing and inspection regime for gullies and culverts.

Risca honours our heroes

Thousands of residents and visitors lined the streets of Risca on St David's Day to cheer the heroic medics of the 203 (Welsh) Field Hospital Unit. The squadron received a heroes' welcome as they marched through the town in an event to mark the unit's homecoming following a tour of Afghanistan as part of Operation HERRICK. More than 100 Reserve soldiers, who work in hospitals and local health boards across Wales and beyond, took part in the ceremony.
