

**MEDIUM-TERM FINANCIAL PLAN**  
**SAVING PROPOSAL- BUDGET IMPACT ASSESSMENT**

DIRECTORATE:	Economy and Environment
--------------	-------------------------

SERVICE AREA:	Green Spaces and Transport
---------------	----------------------------

**1. GENERAL INFORMATION**

SAVING PROPOSAL TITLE:	Increase recharges for Knotweed and other invasive species treatment plans from £360 to £500
------------------------	--

BUDGET AREA:	Green Spaces
--------------	--------------

TOTAL BUDGET FOR THIS AREA:	£-37861.00 (Income Budgets only)
-----------------------------	----------------------------------

TOTAL SAVING:	£ 4,600
---------------	---------

PLEASE PROVIDE A BRIEF DESCRIPTION OF HOW THE SAVING CAN BE ACHIEVED:	
	<p>Currently the service area undertakes treatments plans (on a recharge basis) for invasive species such as Japanese Knotweed. Currently the recharge to landowners and internal departments is £360 for a 4-year treatment plan, it is proposed to increase this to £500.00. This still represents value for money when comparing charges levied by private companies who offer this service. Income for 2022-23 was £23,895.</p>

**2. PUBLIC IMPACT ANALYSIS**

PLEASE DESCRIBE YOUR PLANS TO MITIGATE THE <b>IMPACT UPON THE PUBLIC</b> (where possible):	
	<p>These proposals will have a minor impact on landowners; however they are responsible to deal with infestations on their land and could opt to use a private contractor.</p> <p>Consider the 5 ways of working think about the <i>long-term</i> implications for future generations and <i>preventative services</i> while recognising that savings now will secure future services. <b>NB* IT IS IMPORTANT TO RECOGNISE THE SIGNIFICANT FINANCIAL CHALLENGE FACING THE COUNCIL.</b></p> <p><b>Long-term guidance:</b> Consider the importance of balancing short-term needs with the need to safeguard the ability to meet long-term needs, including the future financial sustainability of the Council.</p> <p>N/A</p>

**Prevention guidance:** Consider whether the proposed saving is affecting a preventative area that reduces future burdens and supports well-being and how this can be mitigated if the service reduces, or ceases.

This Budget Impact Assessment, or an IIA, if relevant, must be submitted to be included as hyperlinks to all decision reports related to the proposed savings. **IIAs are NOT required for nil public impact proposals.**

PLEASE DETAIL ANY CONSULTATION THAT HAS BEEN UNDERTAKEN IN CONSIDERING THIS PROPOSAL. Summarise any feedback received.

Consider the 5 ways of working, in particular, *involvement*.

**Involvement:** Consider whether you have involved people who have an interest in the service area, including service users and potential service users.

**Update following a period of public consultation:**

**The council's public consultation on the draft budget proposals for 2024/25 ran from Monday 22<sup>nd</sup> January 2024 until Tuesday 13<sup>th</sup> February 2024.**

**Residents and other stakeholder groups were invited to offer their views on the proposals in a number of ways. This included a survey (available online and in paper formats), attending face-to-face engagement sessions, using the council's online digital engagement platform and targeted stakeholder engagement with potentially impacted groups.**

**337 responses to the consultation were received by the closing date. A low response rate such as this comes with the caveat of self-selecting bias in the response and local media has focused attention on a small number of issues.**

**Face-to face conversations have had low levels of attendance (less than 10 visitors per session) with the exception of Caerphilly where over 40 people attended. A meeting was held with 9 Viewpoint Panel members and one person attended an online drop-in session.**

The full consultation feedback report will be available at [Council Budget Setting 2024-2025 | The Caerphilly Conversation](#)

Through the survey, 65 responses were received in support of the proposal and 13 disagreed with the proposal.
